Veri-Check **COUNTERFEIT DETECTION SYSTEM**

The **Veri-Check** is the latest generation in counterfeit detection systems; don't be fooled into a false sense of security with outdated counterfeit detectors that are not equipped to keep up with today's sophisticated counterfeit technology.

The **Veri-Check** distributed by **Donovan Sales Ltd.** is a 3 in 1 detector that is effective, user-friendly, and is equipped with a unique audible alarm.

FEATURES

- Top-mounted florescent table for transparent viewing of water marks and security filaments.
- Scan multiple bills in a single pass.
- Suspect notes cause an audible alarm to sound.
- UV black light inspection port for additional inspection.
- Detects US and Canadian currency.
- Holographic inspection of most major credit cards.
