EPOS is our business

The compact and modern TS-810 also supports two removable module bays which can be mixed and matched between the omni-directional laser scanner, the thermal mini-printer, RFID reader modules or a keyboard.

The vivid ten inch widescreen display is perfect for the retail trade, stadia and events or operations where a smaller footprint is desired, without limiting features. The terminal is available in either cool white or matte black to suit your environment. It is a low cost, compact EPOS terminal, rich in features and functionality, with added flexibility and powerful performance of an Android Operating System.

Add-on modules:

- Biometric Fingerprint Scanner
- RFID Reader Module (125 KHz or 13.56 MHz MIFARE)
- Integrated Omni-directional Laser Scanner
- Integrated OOH Digital Advertising (7" Widescreen LCD Customer Facing Display)
- Integrated 58mm Thermal Receipt Printer
- Magnetic Card Reader (1/2 Track)
- i-Button magnetic sign on key
- 2 x 20 Character LCM Customer Display Module (Blue)
